Hi all--

Please find attached the Fellows Agreement for YC Fellowship, as well as the YC Fellowship Convertible Security for your review. We will be going over both documents tomorrow during the kickoff.

One important thing to note -- the terms are a little different (and we think actually better for you) than initially discussed; it will be \$20k for 1.5% common stock that is only obtained by YC if an IPO occurs, or if a funding or acquisition event occurs at a \$100 million valuation or higher.

I know it's last minute, but if you have time, take a look at the documents and see if you have any questions to ask for tomorrow. If you don't get a chance to do that though, no worries -- we'll be happy to answer q's in the coming days as well.

-Matt

Change in terms is a nice surprise! Looking forward to the call :)
